### **Caution against fake communication from unknown sources**

Dear student

The University is aware of a message trending on various platforms inviting you to choose a device that would suit your learning activities best. Please note that this is not an official TUT communication and is not based on the results of the recent Student Biographical Data Survey.

Please do not respond to the message or provide your personal information to unknown sources.

You are advised to always double-check any communication you receive against the official University communication that is published on the TUT Website, [www.tut.ac.za](http://www.tut.ac.za), at all times. Please remember that you can also verify information by contacting your lecturers.

Thank you for patience and appreciation of the difficult situation the national COVID-19 lockdown has brought about. Your success is paramount in everything we do, therefore, TUT is hard at work to implement plans that will ensure that you can complete the 2020 academic year successfully, without any students being left behind.
